Not only should government corporations be open to RTI & IR legislation, all NGOs and Not for Profits funded by the State Government and /or public donations should also be subject to legislation. I have worked in the field of Disability for over 40 years and hold Guardianship and Administration Orders for a relative, of limited capacity, and over those years we have been informed that access cannot be obtained to documents in NGOs and NFPs unless those documents are lodged with the Government Dept. when they become Government Documents. and are accessible under RTI & IR Acts
